

150W PRO GRADE TRANSFORMER

WTTR150

Enhance The Night

Input: 120V~ 60Hz 1.4A Max.
Output: 150W - 12V~/13V~/14V~/15V~
Construction: Stainless Steel.
Weight: 15 lbs.
Dimensions: 420 x 167 x 153mm
(16.54" x 6.57" x 6.02")

The solid toroidal cores ensure this transformer operates at a higher flux density than most standards multi-tap transformers.

For fast installation of secondary wire runs, each unit features removable doors, drop down bottoms in the wire compartment, and large spacious terminals to accommodate extra wire and multiple runs per circuit. All of our models feature 120V overload protection, as well as circuit protection on the low voltage side.
