**PATENT # D566,885 #D563,588**

WTVIKI-NL

Experience the marriage of beauty and durability as each Odyssey line fixture is built from solid brass and stainless steel and designed to last a lifetime.

## Product Description

The Viking features a lock and load cover allowing installation to be free of exposed screws and other mounting hardware. The compact puck light is perfect for illuminating stairs, benches, posts, and other niche locations. The Viking's louvered cover directs and spreads light to the intended area.

The Gemini offers a half dome lock and load cover which directs parallel light output. It's frosted designer lens softens the beam spread to create a warm glow while still being powerful enough to provide safety and security.

Both fixtures come standard with a specially designed foam mounting gasket for even mounting on uneven surfaces.
